SUMMARY

Business Analyst with a strong engineering foundation and hands-on experience delivering cross-functional, data-driven initiatives across technology, renewable energy, and financial services. Skilled in structuring ambiguous problems, conducting market and financial analysis, and translating complex data into executive-level insights. Proven ability to manage workstreams autonomously, define scope, and deliver high-impact strategic recommendations. Holds Australian work rights.

SKILLS

Technical Tools: SQL · Python · JavaScript · Power BI · Tableau · Advanced Excel · SAS · Jira · Trello · Notion · Miro · Google Colab · Asana · Everhour

Project Delivery: Project planning & Execution · Agile & Iterative Delivery · Scope Definition & Requirements Gathering · User stories & Acceptance Criteria · Roadmap & Milestone Management · Requirements Gathering · User Stories · Process Mapping · PMO Documentation

Business Analysis & Strategy: Market Entry and Expansion Planning · Information Systems for Business · Commercial and Financial Modeling · Enterprise Strategy · Operating Model Design · Gap Analysis · Market Research · Business Case Development · Financial Modeling · Go-to-Market Strategy

Delivery & Collaboration: Stakeholder Engagement · Cross-functional Collaboration · Executive Reporting · Analytical Thinking · Leadership · Adaptability · Problem-solving · Attention to Detail · Presentation Skills · Hypothesis-driven Analysis · KPI Design · Performance Tracking · Work-stream Ownership · Stakeholder Interviews · Executive & Client Reporting, · Translating Technical Concepts for Non-Technical Audiences

EXPERIENCE

Project Management Intern

March 2026 – Present

Innomate/UXT · Sydney, NSW

Tools Used: Asana, Everhour, Google Drive & Tools, Miro

- Shadowed senior Project Managers across standup meetings, sprint reviews, and client engagements to build end-to-end delivery exposure.
- Performed weekly management and updates of the master portfolio in Asana and time-tracking in Everhour to maintain accurate project visibility.
- Documented PMO lifecycle processes, generating high-level process maps, SOPs, and VPN processing documentation to improve operational consistency.
- Identified process gaps and surface improvement recommendations to the delivery team.

Educator - Before & After School Care

Oct 2024 – Present

Camp Australia · Sydney, NSW

- Designed and facilitated engaging before- and after-school programs promoting creativity, teamwork, and social development for primary-school-aged children.
- Provided active inclusion support to ensure equitable participation for children of all backgrounds and abilities.
- Applied communication, leadership, and conflict-resolution skills in a fast-paced, child-safe environment aligned with National Quality Standards.

Software Developer Intern

July 2022 – August 2022

KData Science Solutions Pvt. Ltd. · Gurgaon, India

Tools Used: Excel, SQL, Power BI, API integration

- Improved operational efficiency by automating SME financial data processing, **reducing reporting time by 60% and improving accuracy for 15+ clients.**
- Enhanced client satisfaction by implementing data quality frameworks and delivering clear technical insights to non-technical stakeholders.
- Developed and maintained Power BI dashboards to visualize revenue trends, customer mix, and monthly performance for the client.
- Collaborated with 4 data scientists and 1 senior manager to standardize workflows by creating reusable templates and documentation, increasing team productivity and consistency.

PROJECTS

Business Consultant - Project Lead | *Company - Senoptix*

June 2025 – August 2025

- Managed a multi-phase consulting project including discovery, analysis, strategy development, and executive presentation.
- Conducted **12 stakeholder interviews**, synthesized findings, and translated insights into market segmentation and product strategy.
- Developed a **go-to-market strategy and 1-3 year implementation roadmap**, including **B2B/B2C distribution models**, vending machine integration, and **tiered pricing strategy (\$500-\$1,000 devices; \$18-\$50 test kits)**.
- Built revenue projections and scenario models supporting \$5–15M annual revenue potential.
- Presented strategic recommendations to senior stakeholders, translating complex analysis into concise executive narratives.

Marketing Strategy Consultant - Project Lead | *Company - Equoia*

February 2025 – April 2025

- Led market entry and expansion planning for renewable energy solutions across multiple sectors.
- Delivered cost-benefit and financial models to support strategic decision-making.
- Developed an India expansion roadmap aligned with regulatory, policy, and sustainability goals.

Microsoft Industry Sandbox | *Contoso Hotel - Sentiment Analysis*

2024

- Managed requirements gathering and delivery of an executive reporting dashboard.
- Defined KPIs, reporting structure, and success metrics with stakeholders.
- Oversaw ETL integration and dashboard development, resulting in insights that could drive **12–15% revenue uplift**.

BNPL Enhancement Strategy | *ZipPay - Strategy Analysis & UI App uplift design*

2024

- Enhanced an **inclusive BNPL solution** targeting **underserved customer segments**.
- Conducted **market research across 3 regions** and presented findings to **5 key stakeholders**.
- Offered a **business case and interactive prototype**, projecting **15% market share growth in 12 months**.

Additional Projects Highlights | *UNSW*

2024

- **Snap Fitness**: Led user research, requirements definition, and delivery of a predictive booking system, improving customer satisfaction by **20%**.
- **McGrath Estate Agents**: Coordinated AI-driven valuation solution delivery, reducing manual effort by **100%** and turnaround time by **50%**.
- **Sustainable Product Innovation**: Managed feasibility analysis and business planning aligned with SDGs, projecting **\$2-3M revenue** in 2 years.

EDUCATION

Master of Commerce (Extension) · Business Analytics & Digital Transformation

University of New South Wales, Sydney, NSW

Graduated: September 2025

WAM: 70.692

Bachelor of Technology · Computer and Communication Engineering

Manipal University Jaipur, Rajasthan, India

Graduated: May 2023

CGPA: 8.33 / 10

AWARDS & CERTIFICATES

- **SAS – UNSW Academic Specialisation in Business Analytics · Postgraduate** (SAS, 2024)
- **Learn to Lead with UNSW 2025: Strategic Thinking for Impactful Leadership** (UNSW, 2025)
- **Introduction to SQL (Structured Query Language)** · University of Michigan
- **Data Science Specialisation** · Johns Hopkins University
- **Python for Everybody Specialisation** · University of Michigan
- **Machine Learning Overview** · Politecnico Di Milano
- **University Of Florida, United States** · Computer and Information Science and Engineering Certificate Program - Student Exchange program (Jan - May 2023)
